

Crew Leader Landscape Projects

A Richmond-based locally owned premium landscaping company is looking for a Crew Leader for their Landscape Projects Division. The ideal candidate has a demonstrated background of at least three years in leading landscape installation crews, superior customer relations skills and attention to detail and accuracy. Apply if you are looking for a career home in the landscaping and horticultural industry. This customer-oriented landscaping company desires someone who appreciates and contributes to excellence in products and client services by providing the best and most knowledgeable horticultural installation and maintenance service available.

A background in horticulture, plant installation and maintenance is required.
